## HIGHLIGHTS

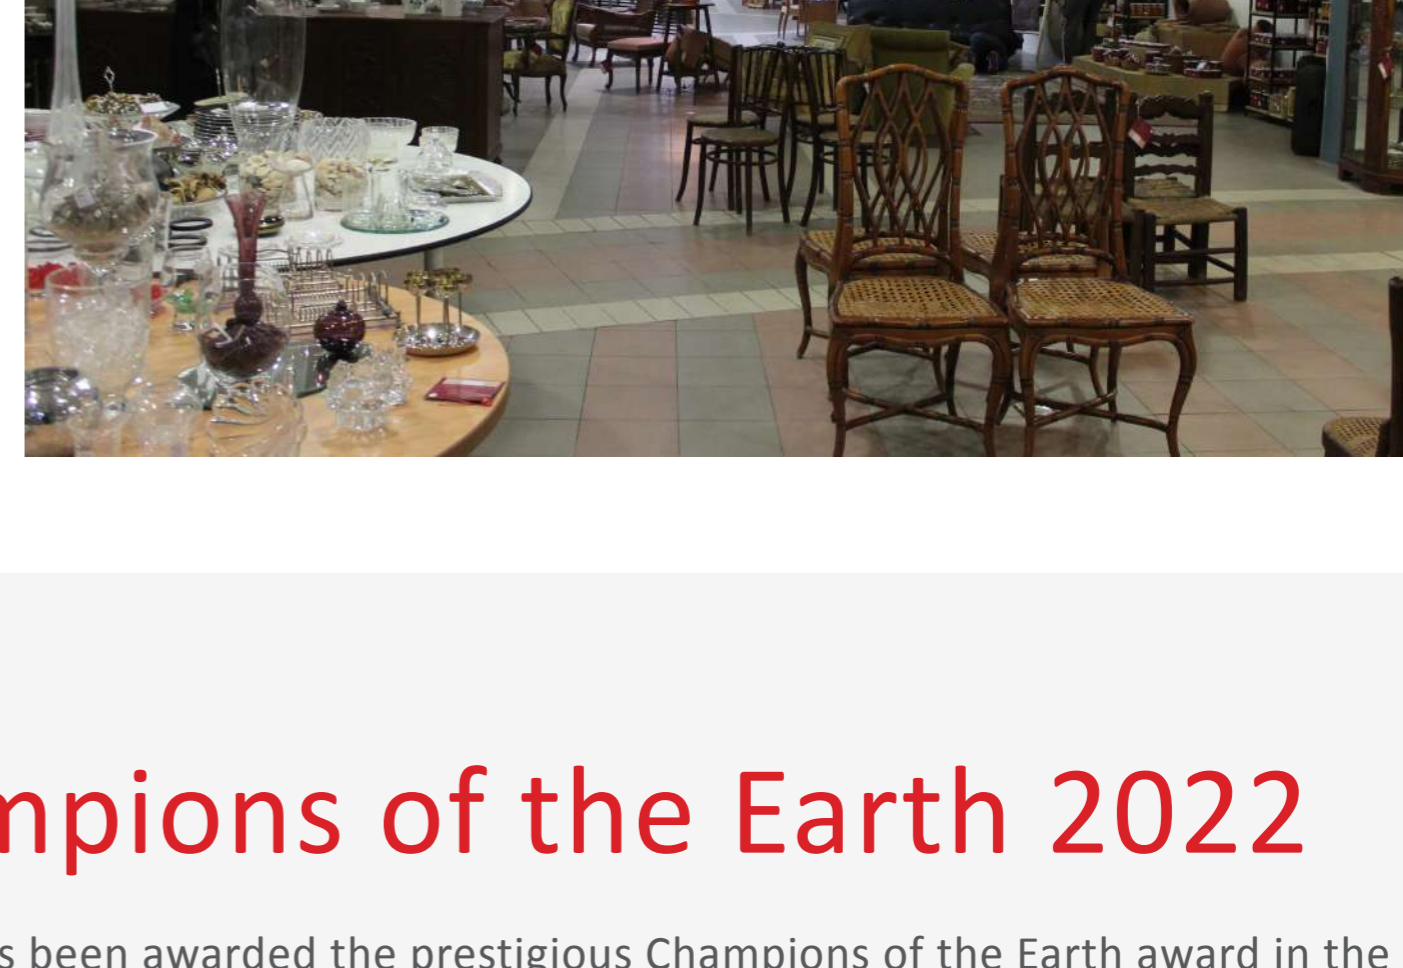

### Al Manchara

Al Manchara, our refurbishment unit has opened its doors in 2022. It is focused on sustainable development through furniture manufacturing and refurbishing. We believe in giving old furniture a new purpose and that is why we have a professional team of artisanal craftsmen that turn abandoned items into durable long-lasting pieces and create custom pieces for affordable prices. With the help of our dedicated volunteers, we can support individuals and families in need and restore homes with our unique and eco-friendly approach.

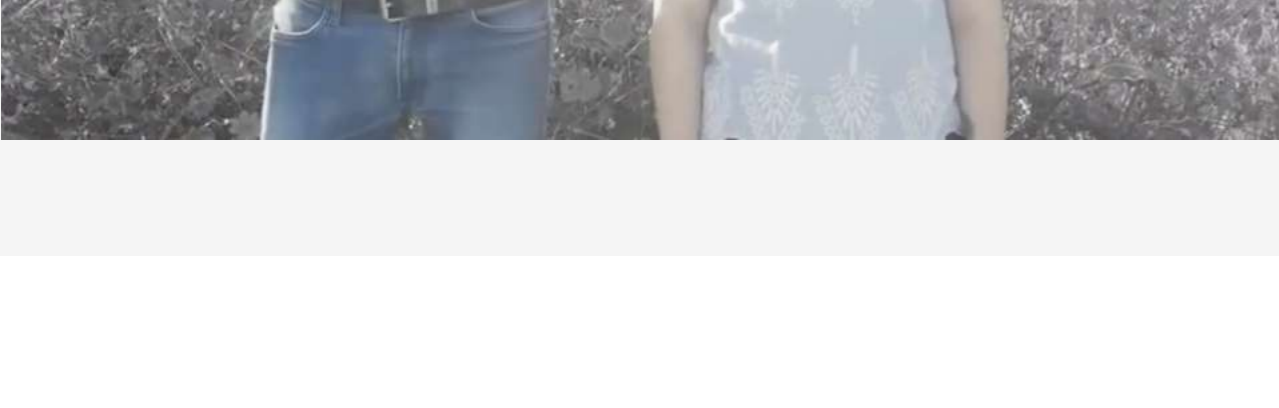

### Loubnani

Loubnani by arcenciel is a 2600 square meter space that houses all of arcenciel's income generating units that feed into arcenciel's social enterprise mission, including La Brocante, La Boutique, L'atelier, and many others. This center also supports local Lebanese small businesses, including QOOT, IRAP, Ayadina, and more. This new showroom is a shared space of creativity and innovation for everyone and aims to support Lebanese businesses and promote sustainable development. Thanks to this initiative, they are creating a positive impact on the community and contributing to the growth and sustainability of the local economy.

### Champions of the Earth 2022

arcenciel has been awarded the prestigious Champions of the Earth award in the Inspiration and Action category by the United Nations Environment Programme (UNEP). The award recognizes the organization's transformative action in preventing and reversing ecosystem degradation. arcenciel has been actively involved in waste management since 2003, including the management of Hazardous waste, treating 87% of hospital waste. The organization has also made efforts to ensure the safe treatment of potentially infected waste during the COVID-19 pandemic. The award coincides with arcenciel's 38th anniversary, demonstrating the organization's commitment to sustainability and building for future generations.

## TESTIMONIES

“Doha, a 33-year old Syrian woman, faced early marriage, mistreatment, and single parenthood. Despite the hardships, she persevered. From selling sandwiches to furniture on WhatsApp, Doha sought a better life. Joining a project, she learned new skills, made friends, and gained confidence. Now, she dreams of a catering business, embracing a brighter future. Doha's story embodies resilience, growth, and hope, fueled by her determination and project support.”

“I learned to work in a social environment with different people from several countries, a spirit of cooperation and solidarity developed in us, I gained knowledge of the basics of lime restoration, and the restoration of old and ancient houses was a very beautiful experience.” Mahmoud, trainee of the Traditional Lime plaster training.
